

105 South Street, Newark NJ 07114

## CONSTRUCTION NOTICE

May 10, 2018

**Re: Construction of ADA Curb Ramps in North and South Washington Avenue, Borough of Bergenfield**

Dear Business Owners and Residents of Washington Avenue

Please be advised that on or after Monday, May 14, 2018, we will commence construction of Handicap Ramps on your street.

Construction will begin at East Main Street on the West Side of South Washington Avenue and proceed Southerly towards Tenafly Town line.

Work areas will be generally confined to the street corners that are designated for new ADA Ramps.

Some parking spaces in various areas of the project will be required to be unavailable during the course of our construction and will be cordoned off with cones and caution tape.

For your safety, please observe our signage and walk or drive carefully outside our work area.

We will place orange utility cones on our finished work which takes one full day to cure before pedestrian traffic can be resumed.

We anticipate only minimal inconvenience if any, should business entrance be in close proximity to our work which is basically located on street corners, we will make all efforts to avoid interruption to passage to your establishment.

Please do not hesitate to call our office at 973-589-1219 with any questions or concerns you may have.

Sincerely  
*Joe Rosina*

Joe Rosina  
Project Superintendent
